

English

Please make sure you hear your child read every day and ask them questions about the book.

In our writing we will be focussing on story and repetitive language. We will be using noun phrases and conjunctions for, and, because, so, but, to make our writing more interesting.

Please encourage your child to write at home, this could be a story or some interesting facts about the weather!

Maths

This term we will be learning to apply our knowledge of number bonds to 10 to written methods of calculations. Please could you help your child by counting forwards and backwards to 100 and beyond. This will help with their knowledge of the number system.

We will also be concentrating on the 2, 5 and 10 times tables. Please could you help your child practise these at home.

Extreme Weather Year 2

Spring Term

Spellings

Spellings will be sent home on a Friday to be tested the following week. These will consist of the common exception words and some high frequency words taken from the English curriculum.

Computing

Tuesday 5th February is Internet Safety Day. The children will be learning how to keep themselves safe whilst using devices.

Topic

The children will be learning about weather from around the world. We will be focussing on typical weather in the UK, for the North and South Poles and the Equator. We will be locating these weather patterns on a world wide map showing the continents and oceans.

Science - we will be observing weather patterns around Watford.

RE - we will be focussing on how and why people reflect and pray. PSHE — we will be looking at how children can achieve their goals and dreams

Music — the children will learning about duration, rhythm and pattern in music.
