

November 2017

Dear parents

Can we please remind you that children **MUST NOT** bring any food or snacks into Nursery. A number of children in Nursery have severe food allergies that can be life-threatening. These can be triggered by a child being exposed to the food without them actually eating it so we need to be very careful to avoid this.

Children are given a snack of fruit and milk during the session in case they do get hungry at nursery.

A handwritten signature in black ink, appearing to read 'N. Selby'.

Mrs N. Selby

Acting Head Teacher
